

## Indoor Interactive 32" 4K BizetBeeBoard® SBM

Freedom. Elegance. Performance.

Experience the perfect blend of power, portability, and precision with the BizetBeeBoard® 32" Battery Powered Display — designed for modern businesses, interactive presentations, and immersive customer engagement.

Built with a **stunning 4K Ultra HD touchscreen**, it delivers life like clarity and vibrant detail, turning any space into a dynamic visual experience. The **10-point capacitive touch technology** ensures smooth, responsive interaction for every user.

## Effortless Adjustability

Its sleek ergonomic stand allows for **height, tilt, swivel, and pivot adjustments**, giving you the flexibility to present your content in portrait or landscape with just a touch.

Perfectly balanced engineering ensures both stability and style in any setup. Every motion feels smooth and precise, supported by a solid, minimalist structure.

## Made for Content Creation

Whether you're editing TikToks, going live on Instagram, or filming a YouTube tutorial, this display gives you **ultra-sharp 4K visuals** and a **10-point touch screen** that keeps up with your creativity. Rotate it vertically for the perfect **portrait mode** — ideal for Reels, Shorts, and TikTok videos.

## All the Angles You Need

Switch between horizontal and vertical with a simple pivot.

Tilt, swivel, or raise it to get your best angle every time — no tools, no hassle.

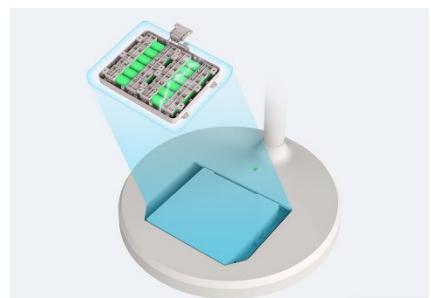

Mount it to the wall for a clean streaming setup or use the sleek desktop stand for a pro look on your desk.

## Go Wireless. Stay Creative.

Forget the cords — you can shoot, edit, or display anywhere.

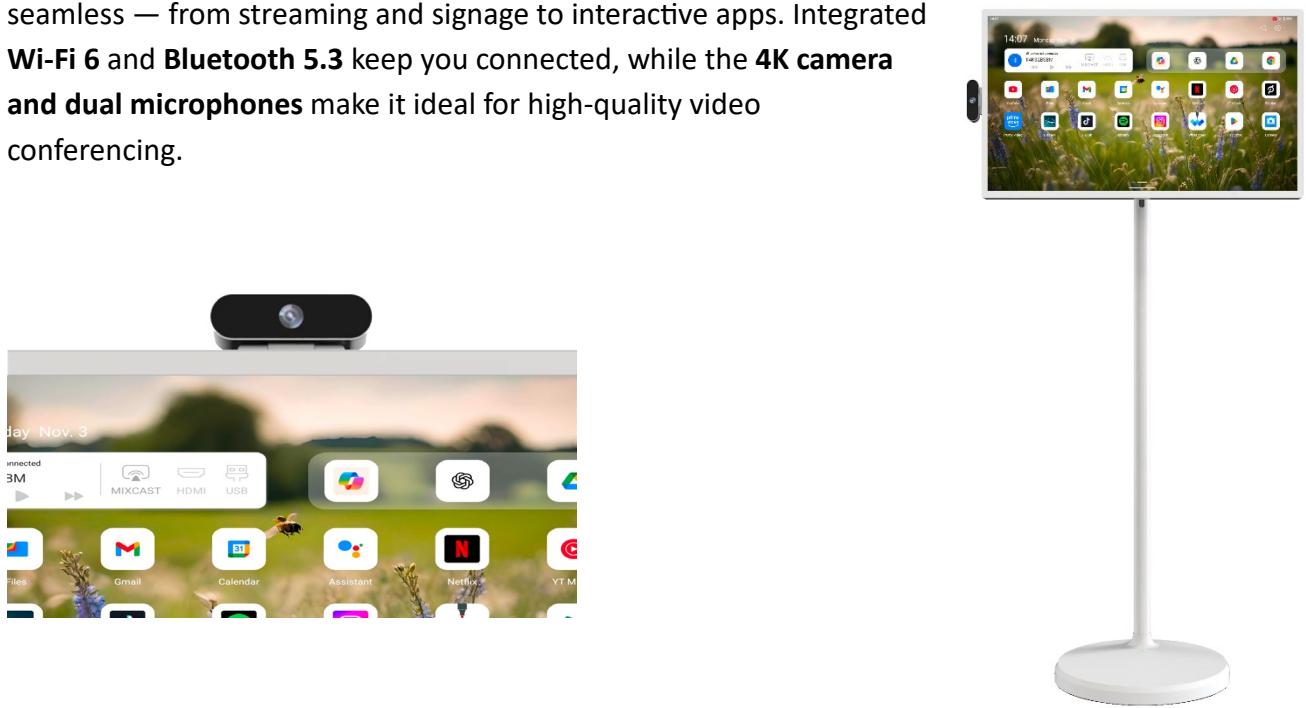

Perfect for pop-ups, live sessions, or mobile shoots. Just charge it once and take your studio on the go.

With a high-capacity **Li-ion 15000 battery pack** providing up to **8 hours of continuous operation**, the BizetBeeBoard® SBM lets you move freely — whether it's a retail floor, your own home, a trade show, or an interactive classroom.

## Smart Inside, Sleek Outside

Powered by **Android 14** and an **8-core processor** multitasking is seamless — from streaming and signage to interactive apps. Integrated **Wi-Fi 6** and **Bluetooth 5.3** keep you connected, while the **4K camera and dual microphones** make it ideal for high-quality video conferencing.

### Tailored for Modern Business

Crafted with a minimalist design and available in **elegant white or black**, the BizetBeeBoard® SBM enhances any professional environment. Use it as a **digital kiosk**, **interactive catalogue**, **menu board**, or **presentation display** — and stand out with a smarter, cleaner visual solution.

## Your Display, Your Way.

Desktop. Wall. Portable. The BizetBeeBoard® SBM gives you the power to choose — offering unmatched flexibility without compromising on performance or style.

## Designed for Every Environment.

Available in **white powder-coated finish**, this display complements any space — from boardrooms to boutiques always with unmatched refinement and clarity.

Create without limits. Present without boundaries. Wherever you go, the BizetBeeBoard® SBM goes with you.
